Please partner with us by donating to this worthy cause. Simply pledge a flat dollar amount or dollar amount for each lap completed. Number of laps will be capped at 35. Bullard Elementary School 2022 STEM Run.

Thursday, March 31

The Bullard STEM lab was opened during the 2018-2019 school year and was added into the students special rotations allowing all students to participate. The Bullard STEM lab received Cobb County STEM certification in November of 2018, only the 23rd school in Cobb County to receive this distinction. Check out some of our STEM activities on the school website,

We are very proud of the efforts of our parents, teachers, and community members for making this happen. However, we must continue in our fund raising efforts to ensure future funding for the program.

Our goal is raise at least \$30,000 to continue funding of the S.T.E.M. Lab or related needs at Bullard Elementary School. We hope that each family will participate in the S.T.E.M. Run to the best of its ability. If each family raises **\$35**, we will achieve our goal. We're hoping to make this run the best ever, so the more contributions you raise, the more successful we'll be at achieving our goal. Thank you very much for your participation!
