The Bullard Foundation is dedicated to enriching the educational experience for every Bullard student by partnering with our principal, teachers, staff, families, and community. Through the generosity of our donors and sponsors, we provide funding for innovative programs, classroom and grade-level needs, educational resources, technology, teacher grants, and campus improvement projects that enhance learning and strengthen our school. Every initiative begins by listening to the needs of our educators and identifying opportunities that will have the greatest impact on students. Together with our community, we continue to invest in meaningful projects that empower teachers, inspire students, and build a stronger Bullard Elementary for generations to come.
